

## Micellar Solution: A gentle, soothing cleanser

### Gently Cleanse, Soothe and Degrease

- Micellar technology helps emulsify oily, waxy debris for easy removal
- Phytosphingosine (PS) is an exclusive pro-ceramide to help support a healthy skin barrier
- Soothing formula that is non-irritating

### Pleasant to Use

- Non-greasy, water-based solution
- Fresh, green tea fragrance
- Fast-drying

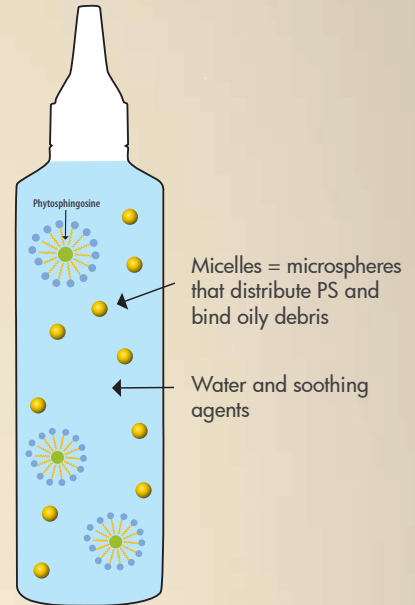

### Dual Use

#### Maintenance Care

- Routine ear cleaning
- Cleansing skin folds

#### Pre-treatment

- Cleansing of external ear canal and skin prior to application of treatment for otitis externa or localized seborrhea

### Usage Instructions: Shake well before use.

Consult with your veterinarian on the correct application method for your pet.

#### EAR CLEANING:

Ask your veterinarian to choose which application method to use

- Moisten a cotton ball with solution. Place the moistened cotton ball in the entrance of the ear canal.
- Hold the ear flap upwards and fill the ear canal with the solution.

Then:

- Gently massage the base of the ear for 60 seconds
- (Remove the moistened cotton ball if used.) Allow your pet to shake its head.
- Gently wipe away visible ear wax, debris, and excess solution with a dry cotton ball.
- Repeat this procedure on the other ear.

Do not use a cotton swab to clean the ear canal. Avoid contact of the applicator's tip with your pet's ear (or other surfaces) to help avoid contaminating the remaining solution in the bottle.

#### SKIN CLEANING:

Apply on the targeted area with cotton.

Consult with your veterinarian on the frequency of use for your pet.

- Apply every 2-3 days for \_\_\_\_ days

- Apply weekly for \_\_\_\_ weeks

- Other: \_\_\_\_\_
