

Joint Support for Dogs

TRP-Tri-COX®

Soft Chews and Mini Soft Chews

PRODUCT FACTS: Recommended to support healthy joint function in dogs. Helps ease joint stiffness due to normal daily exercise and activity. The unique blend of ingredients in TRP-Tri-COX®, including the patented UC-II®, helps maintain normal inflammatory and immune response in the joint. TRP-Tri-COX® also contains ingredients that help provide building blocks for synovial fluid, cartilage and connective tissue for healthy joints and bones.
