

Practical Approaches to Managing the Heartworm-Positive Dog

clinician's brief

Sponsored by the **American Heartworm Society** through an educational grant from **Ceva Animal Health**

Marisa Ames
DVM, DACVIM
(Cardiology)

Tom Nelson
DVM

Uri Donnett
DVM, MS, DABVP
(Shelter Medicine Practice)

What you'll learn:

- The pros and cons of varying treatment and management options for heartworm-positive dogs.
- How to prevent the spread of heartworm infection and which prevention options are appropriate for heartworm-positive dogs.
- How to manage common complications using available resources.
- How to maximize treatment efficacy while working within the resources available to both an individual client or a population of dogs.

Are you confident in your skills when it comes to managing all heartworm patients? Get a case-based look at the best management strategies for different patients, clients, and settings.
